DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-5, 8, 9, 10-20, 30-34, drawn to an automatic staining apparatus.

Group II, claim(s) 6, 21-24, drawn to a method of identifying a property in an automatic staining apparatus.

Group III, claim(s) 7, 25-29, drawn to a method of staining samples in an automatic staining apparatus.

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the common technical feature in all groups is the automatic staining apparatus. This element cannot be a special technical feature under PCT Rule 13.2 because the element is shown in the prior art. US Patent 5839091 teaches a method and apparatus for automatic tissue staining substantially as claimed in Group I (Claims). The reference specifically suggests an apparatus with a computer controlled robotic delivery system that is used in an automated method for staining of tissue specimens on glass slides (Column 3, 25-41).

3. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to DANIELLE HENKEL whose telephone number is (571)270-5505. The examiner can normally be reached on Mon-Thur: 7:30am-5pm, Alternate Fridays: 7:30am-4.
